Discussion Questions for "We Have Found the Messiah!"

1. What new insight did you gain by watching this video? How do you respond to this new insight? How will you realign your life based on this new understanding?

2. Paul encountered, Apollos, a Jewish man from Alexandria in Ephesus. Apollos and his friends had received the "baptism of John" but not the "baptism of the Holy Spirit." Read Acts 18:24 through Acts 9:7 about this meeting. What did Apollos receive from John's baptism? What did he receive from baptism in the name of Yeshua? How was the Holy Spirit conferred on them?

3. Since the Holy Spirit is represented by the dove descending and resting on Yeshua, the account of Noah sending out the dove three times takes on deeper significance. How does the dove in this account represent the Holy Spirit "seeking out" the Messiah? (Genesis 8:6-12)

4. Frequently when the prophets would quote a verse from the Torah, the quoting of that verse "invoked" the memory of their listeners of the entire passage it was taken from. For example, we can begin "Our Father, who art in heaven," and, then stop. But our minds continue to recite the entire prayer. The imagery of the Holy Spirit resting on Yeshua and the voice from heaven proclaiming delight in His son invokes the entire prophecies of Isaiah 11 and Isaiah 42. What are some of those images? How do both bring in that salvation will extend to the Gentiles as well as the Jews?
